

IN THE DRAWINGS:

In the Notice of Allowance dated August 30, 2006, the Examiner objected to Figs. 1-3, stating that the three figures should contain the legend "PRIOR ART". In response, the Applicants have amended Figs. 1-3 and attached the replacement sheets to this Amendment. The attached replacement sheets are formal.

REMARKS

By this amendment, the abstract is amended to conform the abstract to all necessary requirements. In addition, the cross-reference section at the beginning of the application is amended to include reference to the three Finnish patent applications upon which this application relies for priority. This change is being made merely for completeness of the priority claim. This amendment does not raise any new issues and should be entered.

In addition, as noted herein, the Applicant supplies replacement sheet for Figures 1-3 to address the Examiner's objection to these drawings. As noted, the legend "PRIOR ART" has been added to Figs. 1-3. No new matter has been added. Accordingly, there should now be no objection to the drawings.
